

*Specialized
Respiratory Services
Including Tracheostomy Care*

VA CONTRACT PROVIDER

**TRACHEOSTOMY SERVICES ARE ONLY
AVAILABLE TO PATIENTS WITH QUALIFYING
VETERAN BENEFITS.**

**RESPIRATORY SERVICES ARE AVAILABLE
TO ALL RESIDENTS.**

SCRNC is staffed with respiratory therapists and registered nurses 24/7 to provide around-the-clock comprehensive respiratory services including tracheostomy care. We have Physicians and Nurse Practitioners on-site.

Along with our nurses and respiratory therapists, our interdisciplinary team of physical and occupational therapists, speech pathologists, dietitians and social workers, will establish a comprehensive treatment plan to restore the patient to their maximum potential and help them adjust to activities of daily life.

Our Respiratory Team Can Provide Services For:

- Tracheostomy
- Chronic Lung Diseases, (Chronic Obstructive Pulmonary Disease, Emphysema)
- Neuromuscular Disorders
- Acute Respiratory Illnesses
- Pneumonia
- Post-Surgical Complications
- Spinal Cord Injury
- Stroke
- Brain Injury

Respiratory Services:

- Airway Management
- Successful Removal of Artificial Airways
- Post-Operative Care
- Exercises to Improve Breathing and Muscle Strength
- Techniques for Speaking with a Tracheostomy, Including Using Speaking Valves
- Patient and Caregiver Education
